12TH ANNUAL SOUTHWEST NEPHROLOGY SYMPOSIUM

Saturday February 29, 2020

7:45 am to 5:15pm

8.0 CE \$40 (before 2/20/20)

Sponsored by NM Kidney Foundation and Co-sponsored with NM Diabetes Advisory Council

**Crowne Plaza Hotel
1901 University Blvd NE
Albuquerque, NM 87102
505-998-6420**

12th Annual Southwest Nephrology Symposium

2020 Symposium Objectives:

Discuss lifestyle changes needed for hypertension management

Recall prospective liver transplant requirements for patients with HRS

Identify which diabetic patients will do best with insulin pump

List 2 hurdles to overcome before an implantable kidney can enter human study research

Recall 2 interventions that will prevent hospital readmissions

Identify a marker of diabetic nephropathy that identifies fast versus slow progression

List 2 research studies that could be implemented at your work settings

Disclosures

Application for 8.0 CE credits has been submitted for nurses, advance practice nurses, dietitians, physical assistants, social workers, and community health workers. Attendees must attend the entire conference and submit evaluation to be awarded continuing education credits.

No partially awarded CEs. The certificate will be handed out after the symposium when evaluations are received.

The powerpoint presentations will be posted after the symposium on NMKidney.org website.

There will be a silent auction with the funds being used for projects for the NM Kidney Foundation and NM Diabetes Advisory Council. Please help support these projects.

Mail this completed form with cash, check, or money order to:
